VOLUMINOUS 29

INTERNAL 265M²

BUILDING
HOMES SINCE
1975

FEATURES

Indoor Size (m ²)	265
Number of Bathrooms	2
Number of Bedrooms	4
Number of Living Zones	3
Home Style	Country

Upon entering the Voluminous 29, you will inevitably notice its ingenious Country design. At the front of the home, take some time out in the plush atmosphere of the master suite, with its own walk-in robe and a striking ensuite offering a double shower and secluded large vanity.

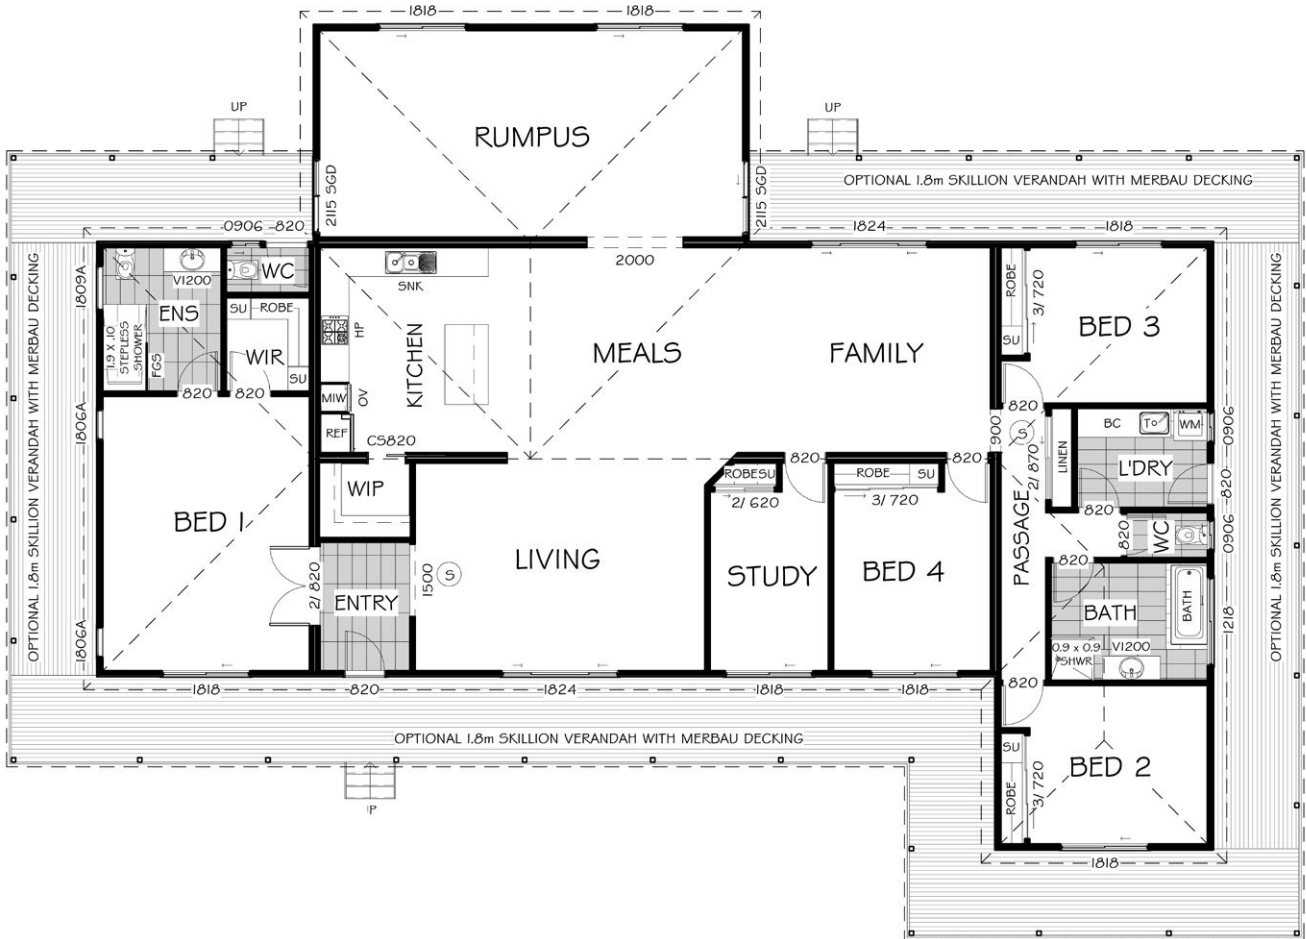

Stroll out and you will be greeted by a luxurious living area, leading you into the hub of this home. Surrounded by a Family, Meals, Rumpus and rambling all round verandah, the dazzling designer kitchen will become the perfect backdrop for the globe-trotting master chef wanting to whip up that secret signature dish.

And for those with too many recipes to remember, and an even longer list of friends wanting a taste, the Voluminous 29 offers a generous butler's pantry for added storage room for large dinner parties. The Voluminous 29 is the idyllic choice for families in need of space with secondary double-sized bedrooms all with built-in robes. A bathroom with a deep bath and separate toilet is another thoughtful touch for a growing family.

The Voluminous 29 offers additional space for a home frequently visited by friends, family and neighbours, boasting an extra external toilet and additional hallway that connects all the bedrooms while also separating them from the livelier entertaining areas. This makes the Voluminous 29 a serene haven, encapsulating elegant, inspired design.

Check out our list of inclusions as standard – we think you will be pleasantly surprised.

WWW.SWANBUILD.COM.AU

Swanbuild is your custom country and contemporary home expert. Flexible in design, exceptional customer service and rapid quality-controlled construction.

At Swanbuild we understand that there is no 'one size fits all', yet to totally design a custom home from scratch is time consuming, requires vast experience and can be a daunting task. With over 35 years' experience in the building industry, we've refined a construction system that is completely unique compared to that of project homes, kit homes and onsite building.
