

ARLINGTON 15

INTERNAL 139.2M²

BUILDING
HOMES SINCE
1975

The Arlington 15 offers plenty of space in a relaxed environment.

Connect to the central kitchen is a large, comfortable family room that provides a great spot for relaxing, while the dining area is perfect for family meals or eating with friends. Raked ceilings throughout the main living areas create an open, luxurious feel – just one of the many features in this thoughtfully designed home.

The generously sized master bedroom includes its own private bathroom, along with a walk-through robe area. While an additional 2 bedrooms featured in our standard design provide space for the family or guests.

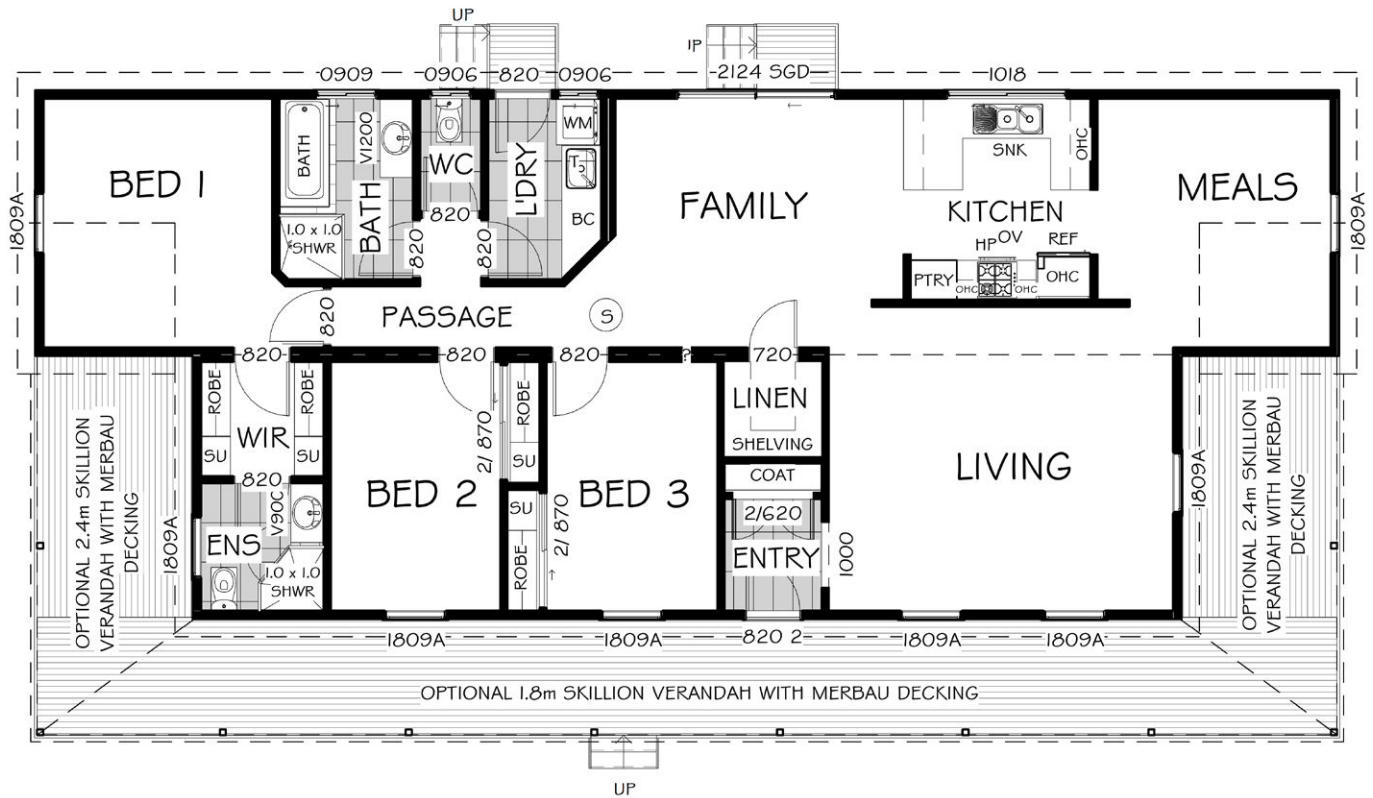

With a separate entry hall, laundry and bathroom – this home design has everything you need for everyday living.

All Swanbuild homes can be completely customised, and the Arlington 15 is no exception. Whether you prefer to add a carport or garage, a verandah for relaxing outside, or perhaps a fourth room that can double as a study, we can add the features needed to match your vision.

Check out our list of inclusions as standard – we think you will be pleasantly surprised.
