

A well-appointed five-bedroom design, the Eildon 25 includes everything you need for modern living with a few classic country touches.

Zoned living means the home's private quarters each take up the outer wings, while the centre is dedicated to the casual shared living space.

The main and second bedroom occupy the left wing of the home, ideal for a parent's suite and baby room, as the main bedroom also includes a walk-in robe and ensuite with double vanity and stepless shower.

The home's three other bedrooms all share the family bathroom and separate WC plus additional powder room, perfect for avoiding queues to the bathroom on busy mornings.

The kitchen lives up to its title as the heart of the home with a walk-in pantry for extra storage and a modern kitchen island to make the most of the functional space. Two living spaces include the oversized living room looking out onto the home's front aspect, and a meals area opening onto the optional rear deck.

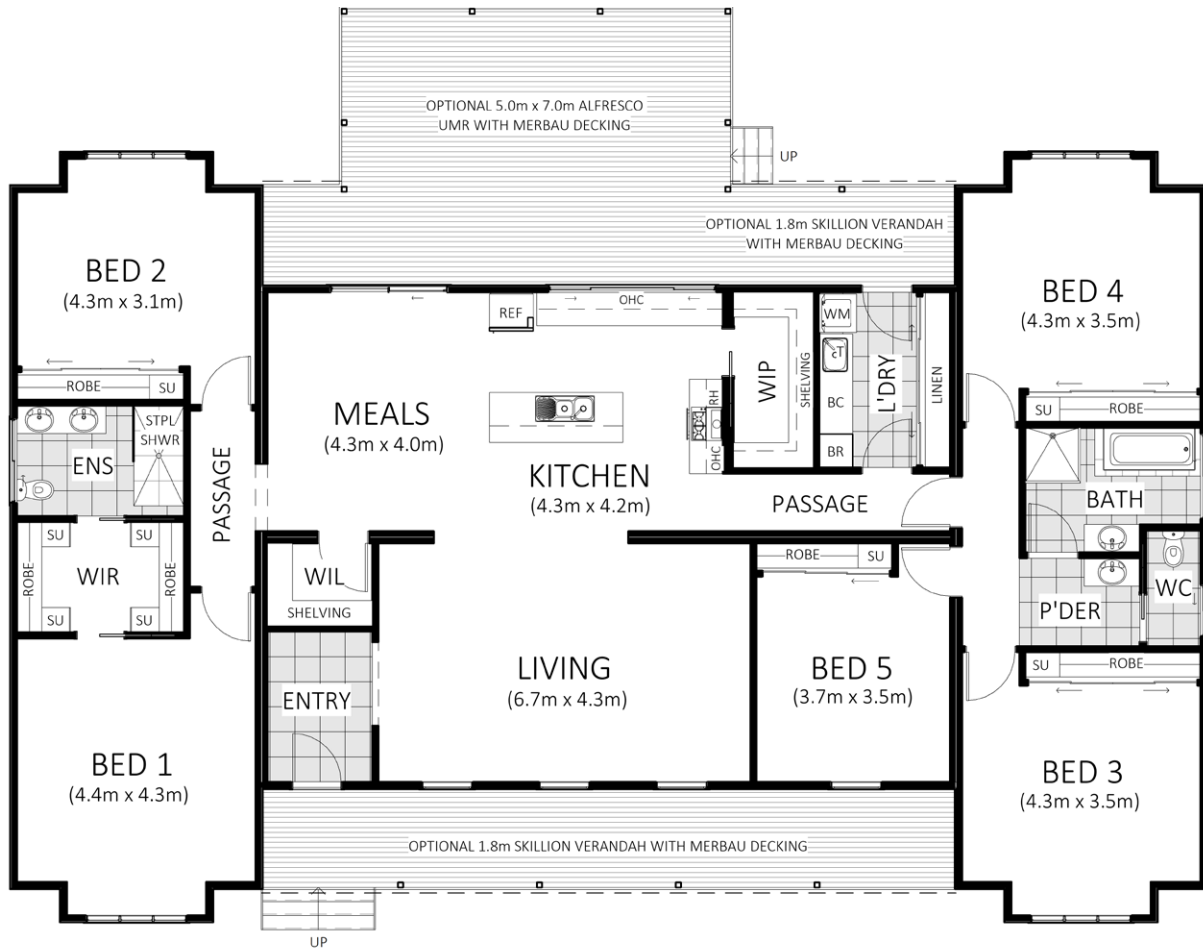

Complete the home with an optional front deck, and you'll have ample opportunity to take in the sun all summer long with multiple outdoor living spaces.

FEATURES
