LOCKWOOD 28

INTERNAL 258.7M²

BUILDING
HOMES SINCE
1975

If you're looking for a traditional style home that also has a well thought out and spacious interior, the Lockwood 28 might just be the home for you.

Upon entering the home, you're led into the spacious living area that flows into the kitchen with walk in pantry and dining space. The open plan design allows for families to get together and keep the conversation going whether whipping up a meal or sitting down to relax and take in the views from the large windows throughout.

A large master bedroom with ensuite and walk in robes is located at one side of the home, giving you the perfect spot for relaxing, while on the other side you'll find 3 more bedrooms with plenty of storage thanks to their built-in robes. There is also a rumpus room and family bathroom that make this side of the home a perfect area for kids or guests to have access to a place to relax or play. There's also a separate laundry room so there's extra space to keep your washing facilities tucked away and even a walk-in linen cupboard so you will have all the storage you need!

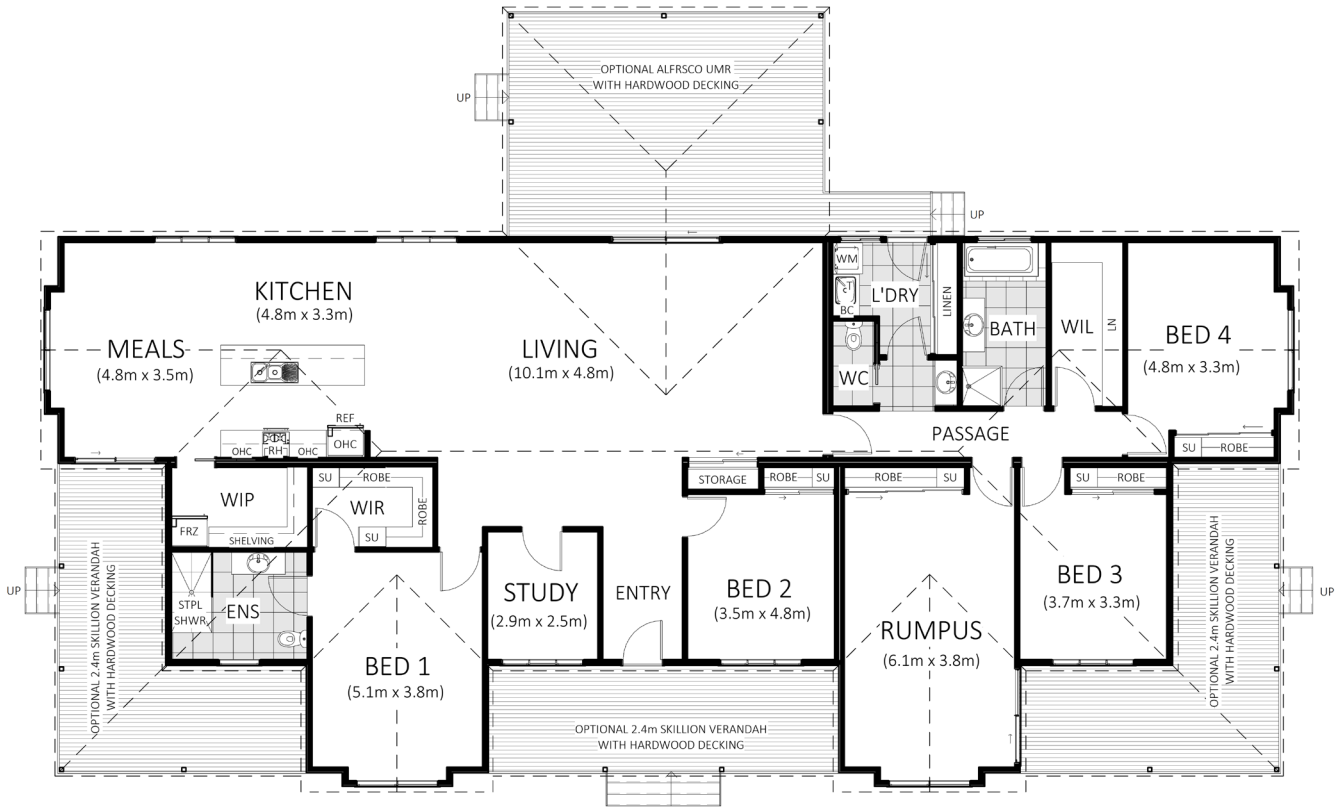

An optional decking area at the rear of the home provides an outdoor area that is perfect for alfresco meals, or entertaining on a warm evening.
