The cleverly designed Voluminous 26 offers multiple entertaining options with its impeccably appointed kitchen that will surely delight the most avid of entertainers. From the European styled designer kitchen, you will look out to the living and meals areas, which allows you the versatility to entertain even the most boisterous crowds, or to cater more intimate occasions if the mood takes you.

If you are looking to entertain an even larger crowd the Voluminous 26 can take you and your guests a step further or better yet, outside! With a bright and refreshing undercover alfresco area, you can sit and chat or simply unwind.

Like anything else in life balance is key, and to achieve it the Voluminous 26 has also been designed with privacy in mind. With the master suite nestled away from the main entertaining areas, you will feel like you have been taken away to a five-star resort with the secluded parents retreat for unwinding in.

The impressive ensuite and generous dressing room, combined with a spacious bedroom, will leave you living in the lap of luxury, making your room the perfect setting for some peace and relaxation. The additional four bedrooms have also been tucked away from the days hustle and bustle, with the Voluminous 26 also offering an additional study area. Bonding the four rooms and bathroom together, this study nook will separate the kids space from the rest of the home.

From traditional country to modern living, we offer a simplified process and genuine care, creating homes that have your lifestyle at their heart.

At Swanbuild, we want to ensure your experience of building a new modular home is an exciting and rewarding process from start to finish.
