This floor plan is available when selecting any of the 3 Inclusions Packages.

Designed with traditional country styling in mind, this grand home looks fantastic outside and offers plenty of space for everyone to enjoy inside. The entry way leads into the heart of this large home, with access on one side to the family and dining rooms. The open plan design also incorporates a kitchen with walk-in pantry, making it a great communal hub of the home, allowing you to chat with family or friends while relaxing, cooking or eating.

On the other side of the entryway is a spacious yet cosy lounge area which connects to the master bedroom, so it can be used as either a great space for movie nights, or as a parent's retreat! Off this separate lounge is a study (or if you prefer, an extra bedroom) that offers a quiet space to get on with work or homework.

The master bedroom has its own ensuite and large walk-in robe, while at the opposite end of the home, 3 more bedrooms all have built in robes and easy access to the family bathroom and laundry room, so all those kids clothes have a place rather than the bedroom floor!

The Homestead 27 has plenty of windows so you can enjoy the views from anywhere in the home, and the optional Skillion Verandah not only completes the country styling, but also offers outdoor space all around the home to allow you to enjoy the sunshine any time of day.

From traditional country to modern living, we offer a simplified process and genuine care, creating homes that have your lifestyle at their heart.

At Swanbuild, we want to ensure your experience of building a new modular home is an exciting and rewarding process from start to finish. We offer a large range of floor plans and 3 inclusions packages to suit your lifestyle. Whether you're after a budget friendly first home, or a forever home packed full of premium inclusions, we'll help you get exactly what you need.
